Dear Shusmoy,

Thank you for your application for admission to the Computer Science - Master of Science - Thesis program at the University of Saskatchewan for the 2021 Fall Term.

We receive a high volume of applications each year, many from highly qualified and interesting applicants. We carefully evaluate all applications, and we often must make difficult decisions regarding who will be offered one of the limited spaces in our program.

We regret to inform you that your application for admission to our program was not successful, and we cannot offer you a seat in our program at this time.

We made our decision based on the following reason:

- *You did not meet the minimum English language proficiency score to be eligible for admission*

On behalf of the University of Saskatchewan, we want to sincerely thank you for your interest in our graduate program, and we wish you the very best in your future endeavors.

Sincerely,

Graduate Chair  
Computer Science
